

Najran University

Vision - Mission- Values

Values

In the framework of Islamic religion, values and teachings, NU is committed to fundamental values adopted as governing guides of the behavior and general performance of its employees, academic and administrative units, activities, procedures and decisions. These values are:

- Leadership: Enhancing and honing skills and leadership roles at all levels.
- Responsibility: Positive interaction towards the University and the Community inspired by appreciating the responsibility.
- Honesty: Carrying out duties and fulfilling responsibilities.
- Transparency: Clarity in all activities, decisions and dealings.
- Accountability: Bearing responsibility for the results of what we do and readiness to provide clarifications.
- Justice: Being just: Giving each what he/ she deserves.
- Respect: Civilized and humanitarian treatment, and preserving dignity according to the Islamic values.
- Team spirit work: Collaborative work and exchanging knowledge and experience.
- Creativity: Creating an appropriate atmosphere that stimulate productive and creative thinking according to Islamic teachings.
- Quality: Ensuring the quality of performance in accordance with local and international standards.

Vision

Leadership in teaching, learning, and community service and active contribution to building a society of science and knowledge.

Mission

Offering teaching and learning that address the needs of society and the labor market, effective contribution to sustainable development through conducting applied research and optimal use of modern technologies, and establishing partnership at the local, regional and global levels.

NU's vision and mission have been phrased to comply with national trends and to meet the aspirations of Najran community and to adhere to the global trends of higher education, as follows:

In its mission, NU has specified its priorities of becoming a leading university in the field of teaching, learning and providing the community with distinguished alumni qualified with distinctive and unique skills that enable them to compete in the labor market and get special posts in public and private institutions.

In its mission, NU has committed to conduct applied research to serve the purposes of sustainable development and to meet the needs of Najran community and the kingdom of Saudi Arabia.

In its mission, NU has complied with the national trends of the government of the Custodian of the Two Holy Mosques regarding the use of modern technologies in its educational, research and administrative activities.

In its mission, NU has upheld the need to open up to Najran society, higher education institutions, national and international research centers, and governmental, private and public institutions through partnerships and valuable agreements that benefit Najran community and the kingdom of Saudi Arabia.
